

There are all sorts of suggestions for this and that week, but there is one outstanding that we can all cooperate in and that is Education Week as an outstanding feature that will bring about world peace. When all peoples have proper education then there will be mutual understanding. Education Week is not a schoolboy affair. It aims to interest the public in the great enterprise of school education, but it also aims to emphasize real Americanism, law observance and the constitution, the Nation's physical health and the Nation's Morals.

5000 Communists in Paris to Protest Against Conviction of Sacco and Venzetti

(By Associated Press)

Paris, Nov. 7.—Communist manifestation against the conviction of first degree murder at Dedham, Mass., of Nicholas Sacco and Bartolomeo Venzetti is scheduled to take place this evening when a large number of Radicals will gather under the windows of the American Embassy in the Rue De Chatelet and will demand the release of the prisoners who were convicted of having killed a paymaster and guard in a payroll robbery in 1921. A general meeting of Communists and Anarchists has been called at 8 o'clock this evening at the Workers' House in

the Rue De Lagrange Aux Belles, and the present intention is to have the manifestants parade to the American Embassy. The Parisian prefect of police has called out the reserves to protect the American Embassy but Sheldon Whitehouse, American Charge D'Affairs, has asked for no police protection. About 5,000 Communists and Radicals it is expected will meet at the Workers' House and march on the Embassy, but the prefect of police has announced that the gathering will be scattered by 200 police agents who have been assigned to look after the American Embassy.

CONDITION OF SENATOR LODGE REMAINS GRAVE

(By Associated Press)

Cambridge, Mass., Nov. 7.—The condition of Senator Henry Cabot Lodge who has been unconscious since he suffered a stroke at noon Wednesday at the Charlesgate hospital, where he was recovering from an operation,

was reported unchanged at 3.30 o'clock this morning. His physicians said that there was little hope that any change would be for the better.

A bulletin issued shortly after noon said that for the first time since he suffered a stroke he was having short periods of consciousness. The senator also took nourishment today for the first time since he was stricken, the bulletin said. It was signed by Dr. John H. Cunningham, one of the three physicians caring for Senator Lodge and said "Senator Lodge's condition remains grave. He is having short periods of consciousness. He has taken a little nourishment for the first time since he suffered the stroke, Wednesday, Nov. 5."

THINKS PURE U. S. TRADITIONS WON

Lisbon, Nov. 7.—The election to the American presidency of Calvin Coolidge represents a victory of pure North American traditions, the Diario de Noticias declares. The newspaper describes Mr. Coolidge as a man of few words and firm convictions, having the Monroe Doctrine as a political gospel. The conservative newspapers generally express the opinion that the elections in the two great Anglo-Saxon nations will influence the world to choose the right form of government.

Vacant Room in Pittsburgh House Used as "Field of Honor"

(By Associated Press)

Pittsburgh, Nov. 7.—A vacant room in a Forbest street building here was used as "a field of honor" by two Frenchmen today, and when the smoke of the battle cleared the men lay dead on the floor, each with a bullet in his head. Pierce Biagioli, of French-Italian extraction, was called upon by J. N. Fournaire, a French baker, to explain attentions alleged to have been paid to Fournaire's wife, Gergette, the mother of two children. Fournaire spent the past two months in jail on a serious charge lodged by a 14-year-old girl. He was released on bail yesterday and returning home is said to have heard whistlings concerning his wife and his friend. Fournaire summoned Biagioli seeking an explanation and they met this morning, going to the vacant room in the bakery building to settle the argument. Police reports were that Fournaire after killing Biagioli shot himself.

COOLIDGE WILL KEEP MELLON

Treasury Head Said to be Willing to Stay in Cabinet

Washington, Nov. 7.—Secretary Mellon is the first of the present cabinet whose retention in office after March 4 has become a certainty. While he made no statement, it was learned that Mr. Mellon will continue as chief of the Treasury department provided President Coolidge wishes it. Friends of the President indicated that the entire decision is up to Mr. Mellon. Mr. Coolidge will be glad enough to have him stay.

About the Treasury secretary, President Coolidge will build a re-enforced program of economy, which he constructs as the important mandate of the election. And Mr. Mellon, it became known, will continue his fight for scientific revenue revision, with lower surtaxes.

It is not the intention of the President now to recommend a new revenue bill to the short session of Congress. Secretary Mellon will point to the taxation reforms he considers necessary in his annual report to Congress, which will be submitted next month but the matter will stop there so far as the executive branch is concerned.

Mr. Coolidge, according to persons in his confidence, prefers to await the incoming of the new Congress before presenting his program. Very little will be asked of the short session beginning in December aside from the regular appropriation bills. The only addition contemplated at this time is a farm measure, which is not expected to take shape until the agricultural commission, now in process of formation, makes some headway with its study.

MANY SEEKING ELECTION TO STATE OFFICES

Concord, Nov. 7.—A Republican majority of 14 in the Senate and 79 in the House of Representatives is estimated as the political complexion of the next state Legislature. This ensures Republican control of all branches of the government for the next two years.

Although the Legislature will not come in until January, there is already discussion of what will be done at the organization now made possible by the overturn of the recent election.

The Republicans in joint convention will elect three state officials, treasurer, secretary of state and commissary-general. Each branch separately will elect its own presiding officer and clerks and other attaches.

The office of commissary-general is now more of an honorary position. It once was important in the state's affairs and was held during the previous Republican administrations by Gen. Charles W. Howard of Concord and probably he will be returned to this post.

For state treasurer, it is said that John W. Plummer of Concord, who held the post previous to the Democratic victory of 1922, would be a logical choice with the G. O. P. returned to power. Another Concord man very favorably considered for this post is Arthur P. Morrill, member of the executive council. Mr. Morrill is head of the Merrimack County Republican organization and for many years has been a factor in party circles. He has been speaker of the House and president of the Senate.

Still another Concord man who has announced his candidacy in the event that Mr. Plummer is not a candidate is Henry M. Short, who was deputy treasurer under Mr. Plummer.

Concord also has a candidate for secretary of state in Olin H. Chase, who was active in the Winant headquarters as campaign secretary during the primary election campaign. Mr. Chase helped to organize two years ago the Republican League and was em-

played as its first secretary, resigning early in the primary campaign to enter the Winant organization.

Reports from Hillsborough county are that Republicans south of Concord will offer the name of Hobart Pillsbury of Manchester for secretary of state. Mr. Pillsbury is president of the Republican organization in Ward 2, Manchester, which rolled up the biggest vote for Coolidge, Winant and the Republican ticket last Tuesday of any ward in the state. He was deputy secretary of state seven years under Edwin C. Bean.

William J. Ahern of Concord, speaker of the House of Representatives, was re-elected to the House but will not be in line for another term as speaker because he is a Democrat. Discussion is to the effect that Harry M. Cheney, one of Concord's foremost Republican leaders, would make an ideal speaker.

In the order of the alphabet, already the names mentioned in connection with the speakership are Capt. Frank H. Chellis of Manchester, John H. Childs of Hillsborough, Gen. Harry B. Cilley, former adjutant general; Arthur T. McDaniel of Nottingham and George A. Wood of Portsmouth.

For clerk of the House the only candidate now in the field is Judge Bernard W. Carey of Newport.

President of the Senate, there is talk of Judge Frank P. Tilton of Laconia, Frederick M. Blackwood of Concord, Charles W. Tobey of Temple and Hartley L. Brooks of Claremont. Judge Tilton and Mr. Tobey are active candidates.

For clerk of the Senate, Bernard Chase of Plymouth and for assistant clerk, Benjamin F. Green, Jr., of Goffstown are candidates to succeed themselves. Guy S. Neal of Asworth is a candidate for sergeant-at-arms of the House.

PREMATURE OLD AGE OF WOMEN

It is no secret that so many women suffer from ailments peculiar to their sex. Dark circles appear under the eyes, a pale, drawn, haggard expression to the countenance, and the weakness which accompanies such ailments is evidenced by the lagging step, headaches, backache and nervous conditions. Every woman who is afflicted in this way should rely upon Lydia E. Pinkham's Vegetable Compound which for half a century has been overcoming some of the most stubborn ailments of women.

POLICE SEARCH FOR FATHER OF ABANDONED BOYS

William Bragg Left Lads at Home of Father-in-law in Plaistow

Plaistow, Nov. 7.—Chief of Police Forest Davis and the Haverhill, Mass., police searched all day yesterday for William Bragg of New York city, and a former Newburyport, Mass., resident but have been unable to find any trace of the missing man since the morning when he visited the home of his father-in-law, E. W. Towne, and left three boys.

Mrs. Bragg recently left her husband, returning here Wednesday with her father, who went to New York to accompany her back. Wednesday night Bragg called at the Towne residence with his three boys, aged 4, 6 and 8 years. He sought to have his relatives take charge of the children, but they refused, leaving the Towne home it is supposed that Bragg went to Haverhill with his boys. Early yesterday morning he again visited the Towne and Mr. Towne said the father left the three boys and hurried away.

Chief Davis believes that Bragg, who is a decorator, has gone to Wyoming, as he had talked of such a trip. Mrs. Bragg is ill at the home of her father and did not see her husband when he visited her father's home Wednesday.

COOLIDGE AND THE RED CROSS

ST. HELAIRE TO MEET M'FADDEN

In getting Joe St. Helaire of Somersworth, and Joe McFadden of Waterville, Me., to put their names on a contract to box in Portsmouth Friday evening, Nov. 14, Bill Dow corralled a main bout that Bangor, Augusta, and Waterville, Lewiston and Portland have been after for some time. It was through St. Helaire's insistence that this bout comes to Portsmouth. Joe says that he started his boxing career with the Rockingham A. C., the oldest boxing club in New England outside of the Armory A. A., of Boston, and it can have the preference in what will probably be the three biggest bouts he will even engage in, i. e., Joe McFadden, Eddie Desautel and a return match with Gunboat Jack which is his one big object, winner take all if it suits him.

Before announcing this bout, Dow insisted that each boy deposit \$100, as a guarantee to box at weight not over 145 lbs. This was good judgment on the part of the club as it assures the fans every protection. McFadden is 23 years old, has been in 75 fights and has never took the count. He has K. O.'d such boys as Joe Dillon, Frankie Ratte, Freddy Sousa, Joe O'Connell, K. O. Mayo in one round and Johnny Drew in 5 rounds, so it looks as though the pride of Somersworth will be a pretty busy gent on the 14th to exp. as good as a draw for McFadden's chief stock in trade is K. O.-ing his opponents.

The Portsmouth Tubercular Clinic will be held at City Hall in Board of Health rooms, Friday, Nov. 14th, at 2:30 p. m. It will be conducted by Dr. Kerr and everybody is welcome to attend whether as a patient, as a visitor to see a T. B. clinic conducted.

DEPICT SCENES OF OLDEN TIMES

Family Album a Feature of City Club Monthly Meeting

The monthly business meeting of the Woman's City Club was held Thursday evening, with Mrs. Carpenter presiding.

Among the announcements made was the notice of reciprocal relations arranged between the Portsmouth City Club and the City Club of Boston and arrangements for similar relations with other clubs in prominent cities are being made. After the business meeting at which a good number were present, a very unique entertainment was given.

Mrs. Fred Noyes was in charge and deserves much credit for her splendid work, as do all who helped and all who took part. Mrs. Noyes wrote the story relating to all in the back of the album. Mrs. I. E. Ewer and Mrs. Charles Tolman were in charge of the stage.

From purple-screened doors with the word "Album" in gold letters—these same doors being used as the leaves of the album—many a quaint figure of yesteryear of 1844 stepped forth to delight a modern audience of 1924. Mrs. Noyes, as "Aunt Lucy" turned the pages back 60 years and first the audience saw Lucy's mother dressed in her best black gown, her one best dress appropriate for all important occasions, whether funeral, wedding or christening. The part was taken by Mrs. A. Z. Leach.

Then mother in her wedding gown appeared. Part taken by Mrs. C. Briggs.

Next came "father," Miss Nora Greely, then

TWO BOYS RUN AWAY FROM HOME

Father of One Traced Them to This City

Kenneth L. Neil aged 14 is missing from his home in Portland. According to his father Angus Neil the boy ran away with Ed. Rumery another Portland boy. The father traced his son and the other lad as far as Portsmouth on Wednesday but could learn nothing further about them. The father said the boy although only 14, looked like one of 17. The missing lad wore a light colored cap, brown suit and brown block sweater. Rumery, aged 17, is wearing a light colored cap and gray suit. The father left here for Newburyport to continue his search.

Mr. and Mrs. Edmund C. True, who are in this city to pass the winter, were at their home in West Epping on Tuesday.

What's new on the Records

Piano Solo by Gabrilowitsch

It was our privilege recently to hear Ossip Gabrilowitsch as pianist with the Fonzale Quartet playing Schumann's "Quintette in E-Flat Major." This week the eminent conductor and pianist plays two piano solo records which reveal him as indeed a master of tone color. Moszkowski's "In Autumn" (En Automne) with its brilliant chromatics is certainly well named, particularly as we hear the full flare of its shades and hues pour from the fingers of this master. Schumann's melancholy little "Nocturne" in its companion, a quaint fragment of the true Autumnal mood.

Julia Culp contributes to the program two noble and simple melodies, sung in her deep contralto, Mendelssohn's melody to Heine's "Auf Flügeln des Gesanges" (On Wings of Song) is always a joy, and is happily paired with Liszt's "Es muss ein Wunderbares sein" (It Must Be Wonderful).

Two arias from "Otello" are offered by Rosa Ponselle this week—the famous "Willow Song" (Salce Salce!) and "Ave Maria." The dramatic and religious qualities of Verdi's conception of Shakespeare's great tragedy find simple expression through Ponselle's lovely and intelligent interpretation.

New Pipe Organ Record

Mark Andrews reveals the pipe organ as an instrument of delicate, almost dream-like beauty in two new selections recorded by him this week. Schumann's tremulous "Traumerei" is a fair test of the organ's versatility, while the dainty rhythms of Lemare's "Andantino" are charmingly recorded.

The brilliance of the French nineteenth-century school finds display on two records by Victor Symphonic Orchestra, the overtures to "Maschello" and "If I Were

King" are played with due regard for their conception and feeling. It takes such records as these to preserve such music for general enjoyment.

A family group from the Tennessee mountains discourses music redolent of their highland fastness. We are glad to meet Fiddlin' Powers and his family of children who together manage the fiddle, banjo, ukulele, mandolin and guitar most excellently. It is a treat to hear some old-time dances played as they ought to be played by those who know, "Ida Red" and "Old Joe Clark" are supremely such. It is possible to dance on indefinitely, to their dancing harmonies.

In Lighter Vein

Frank Crumit, in song, conducts us to the Domestic Relations Court this week, in "No One Knows What It's All About." We defy the audience to decide, "Oh! Didn't It Rain!" sounds like the wind-up to Wendell Hall's Pluvian classic.

Lewis James takes a more serious attitude on the subject of marriage. "The Pal That I Loved Stole the Gai That I Loved" suggests a situation hardly hilarious, while "The Ten Commandments of Love" enjoin goodness of life. Both songs strike popular chords, and have interesting orchestral settings.

Two Apiece by Whiteman and the Bensons

If the Whitemans didn't make a fox-trot record, it would be news, and bad news, at that. But they do—two brilliant comedy dances, "Edna" and "Doo Wacka Doo," in one of which Billy Murray assists vocally. "Copenhagen" and "Keep on Dancing" by the Benson Orchestra of Chicago are fox-trots that need no further urging for a hearing.

SEARS GIVEN DECISION OVER TOMMY FRENCH

At Sears of Boston, a veteran, and clever boxer, got the decision over Tommy French of Somersworth, Freeman's Hall on Thursday evening, having the better of the battle the entire ten rounds, but he could not put the tough Somersworth lad away. It came near being a one round fight, for in the opening round he caught French on the button and he was all but out. The rest brought him back strong, however, and while he put up a game fight he was outclassed the greater part of the distance.

Sears, who did not appear to be in the pink of condition, was far cleverer and had French missing his blows by feet, while he was blocking the body blows so that they lost all effect. He repeatedly rocked French with a left hand jab that was very effective and he had French in a bad way, inflicting a lot of punishment. The crowd was with Sears, for French uses his head like a battering ram and is not the most pleasing boxer that one could wish for, but for all that he proved his gameness. He was pretty well all in at the last bell, with Sears going stronger than in the early rounds so there was no question as to Sears getting the decision.

There was a good crowd present and the entire show was good, with all

FRECKLES AND HIS FRIENDS.

ROUND-WORLD RACE OF 2 RADIO SIGNALS

New York, Nov. 7.—Two radio signals were flashed in opposite directions around the world from the third annual National Radio exposition in Grand Central Palace, and the east-bound signal won the race by one second.

According to the engineers of the Radio Corporation of America, who conducted the test, this was the first successful attempt to encircle the globe with a single wireless message. The letter "C" sent eastward, completed the circuit in five seconds, while the letter "S" made the westward journey in six seconds.

The difference in time was due to the fact that the winning signal was relayed only three times, while the westward signal was handled by one additional relay station. The relay points were: Eastward—Paris, Saigon in French Indo-China, and San Francisco; westward—San Francisco, Honolulu, Malabar in Java and London.

Men to Beware of

Judge Graham of San Francisco, speaking from 20 years' study of the divorce problem and the experience of handling many thousands of divorce cases, performs a useful service by giving girls this decalogue of matrimonial advice:

1. Never marry a man who does not read the sporting section of the newspaper.
2. Never marry a man who plays cards for money.
3. Never marry a man who says he has no bad habits.
4. Never marry a man your parents object to, unless they are most unreasonable.
5. Never marry a man who says he does not care for children.
6. Never marry a man because he is a good dancer.
7. Never marry a man who detests dogs.
8. Never marry a man who drinks on the sly.
9. Never marry a man who speaks slightly of poor parents or of old people.
10. Never marry until you are old enough to know what you are doing.

All of these warnings are negative, and therefore may be criticised on the ground that they are not constructive. But it is just as well in such matters not to presume to tell a girl too much. With a few "beware" signs hung up before her eyes, she may be trusted to furnish the positive and constructive elements herself.

Exceptions may be found, no doubt, to every warning in the list, but on the whole, they are pretty sound. Explanations are needed in some cases, but they are none the worse for that. They provoke young people of both sexes to think about them.

Game or Songbird

Bird lovers are rising up to plead the cause of that rare songster, the bobolink, and save it from extermination. There is serious danger. The bobolink's peril comes, as it were, from possessing a double character. In the north, in the spring and summer, it is renowned for beauty and melody. There it is one of the most glorious of songbirds. In the south, whither it migrates as cold weather comes on, it is of duller plumage and sings little. Here it is seen merely a bird that eats rice, when there is rice to be had—and a bird which though tiny, is good to eat. So in the southeastern states it is known merely as the "rice bird". And for some strange reason incomprehensible to naturalists and all bird lovers, it is classed as a "game" bird, in the department of agriculture's biological survey, which is supposedly in the interest of migratory birds.

At its worst, naturalists insist that the bobolink never ate enough rice to equal his beneficent services in devouring destructive insects. The Audubon societies are rightly taking up his defense.

EXTRA SESSION OF CONGRESS IMPROBABLE

(By Associated Press)

Washington, Nov. 7.—Republican Senate leaders who conferred today with President Coolidge reached the conclusion that it was highly improbable that the President would call the new Congress into an extra session after next March 4. The President turned his attention to say to the legislative program and discussed plans for the coming short sessions with Senators Curtis of Kansas, Republican whip, and Moses, Republican, of New Hampshire. Both were of the opinion that the Nation did not want an extra session and only the necessity of emergency legislation would lead the President to call the new Congress before its regular meeting a year from this December.

DONATION PARTY BIG SUCCESS

First Annual Donation Day Held For Wentworth Home

That the people of Portsmouth and vicinity realize that the Wentworth Home for Chronic Invalids is a most deserving institution was given evidence on Thursday when the first annual donation day was held for the Home in general charge of Mrs. F. W. Hartford, who planned the entire affair. Such an abundance of staple groceries, fruits, vegetables and jellies were sent and about \$60. in money and all this will be a great help toward carrying the Home through the winter.

There was such a fine spirit shown throughout and it seems as if all who could do so were glad to give their donations to aid this institution. Much does so much for its patients who are chronic invalids and need much care. Supt. W. H. Slayton, of the public schools was interested in the school children assisting in this work, but when possible they were to give something they had raised in their gardens or gifts they had purchased with money earned. The teachers and pupils were equally interested and their contributions were liberal, including over two barrels of apples and two of potatoes, these gifts coming in smaller quantities. From four schools came twenty-five pounds of sugar in one pound packages, and 190 pounds of sugar made up the amount given during the day. Among the donations were ninety glasses of jelly, five dozen jars of home canned vegetables and fruits. There were packages of staple groceries, of canned goods, quantities of vegetables and so many things to help all the Home-larder. A number of the farmers in this vicinity gave fruit or vegetables and from nine o'clock in the morning until six last evening donations were being left at the institution.

The board of managers, the matron, Miss McFarlane and her assistants were delighted with the interest shown in the Home and the first donation day was a success beyond all expectations.

The Wentworth Home was opened on Jan. 15, 1912. It has seventeen patients, and while there are more applicants from time to time there is always a waiting list as no more can be admitted until an addition is built. At present this is not possible as the building fund of the Home which is being augmented each summer by a garden party, has not yet become large enough to warrant building the annex. Miss Jessie McFarlane, the able superintendent of the Home, has held her position thirteen years next January and is doing wonderful work at the institution and has the highest regard of all.

SAILORS DEFEAT FORT PLAYERS AT BASKETBALL

The Naval Hospital basketball team won over Fort Constitution last night by a score of 17 to 15. It was a closely contested affair throughout, the sailors having a slight edge. They played a fast and hard game at all times while the soldiers tired, leaving many openings. The Fort was rather unlucky in the scoring, as several shots rolled around the edge of the basket but didn't drop in. Spearin, the fort forward, was held to three field goals but missed many shots which should have counted. The fort team showed the effects of the game with the All Stars the night before which was a bitterly contested affair, Jones and Cronin at guard each scoring a field goal. DeMarco at left forward played hard all the time, scoring one field goal. Boothby at center had an off night and failed to stop several scores which could have been intercepted.

Duffy for the winners was the high scorer with three field goals, seconded by Brown, who pointed twice.

The line up was as follows:

Ft. Constitution Naval Hospital
Spearin, rf. Langley
DeMarco, lf. Carey
Boothby, c. Brown
Jones, rg. Bump
Cronin, lg. Duffy
Ft. Constitution, field goals, Spearin 3, DeMarco, Cronin, Jones 1; Naval hospital, Duffy 3, Carey 2, Brown 2, Langley 1; fouls, Spearin, Cronin 1; Brown, 1; scorer, Sullivan; referee, Sheldon; time, 4 10 m. periods.

SURPRISE PARTY

A pleasant birthday surprise was given Miss Margaret Akers Thursday evening at the home of Miss Genevieve Prince on Crescent Way when a number of the friends of both gathered. It was a joint birthday celebration as Thursday was the anniversary of the birth of Miss Prince and today that of Miss Akers. The latter knew nothing about the plans and that guests

were expected until they arrived. Games and music were enjoyed and a birthday supper of lobster salad, rolls, olives, assorted cake and ice cream served. The dining rooms was prettily decorated with crepe paper and a handsomely frosted birthday cake occupied the center of the table. The evening was filled with sociability and good cheer.

MASONIC CLUB PAYS VISIT TO SOMERSWORTH

A large delegation from St. John's Masonic Home of this city made a fraternal visit to the Somersworth and Berwick "Square & Compass" Club of Somersworth last evening. This was the first of a series of meetings to be held this winter for the purpose of playing whist and cribbage. Chairman of arrangements was John W. Lear.

Portsmouth was too much for the Somersworth boys, the score showing a lead of 24 points in whist and 136 points in cribbage. The wonderful playing of Tom Hildebrand and Scott Somerville was mostly responsible for the victory.

At the conclusion of the card games an exhibition of billiards was shown to a large gallery. The dark horse uncovered was none other than our own Walter W. Clark who certainly showed himself a master with the cue regardless of the fact that he played with his eyes closed.

At the finish of the exhibition a bountiful lunch was served by the Somersworth boys and then a musical entertainment led by "Al" Hunt with "Fighter" Muchmore at the piano concluded the evening's program.

The Portsmouth delegation arrived home at a late hour and are now looking forward to a return visit of the Somersworth club in the near future.

ANNUAL MEETING NEXT WEDNESDAY

The annual dinner of the Chamber of Commerce will be held on Wednesday, Nov. 13, at 6.30 p. m. at the Rockingham hotel. There will be an address by Hon. F. Alexander Chandler of Boston, a prominent business man and former member of the board of directors of the Boston Chamber of Commerce. Mr. Chandler is also a former president of the Boston Retail Merchants association.

There will also be an address by Philip W. Blake of Boston. Mr. Blake is well known as an industrial engineer. He knows the industrial tendencies of New England thoroughly and is a brilliant speaker.

The work of the year will be reviewed briefly and in an interesting manner. The report of the committee on elections will be made.

There will be music and other forms of entertainment.

REPUBLICANS TO CELEBRATE

Several of the Republicans of the city will meet tonight to arrange for a victory celebration to be held some night next week.

REPUBLICANS WIN STAFFORD COUNTY RACE

Dover, Nov. 7.—The Coolidge landslide invaded Stafford County which went overwhelmingly Democratic two years ago, and swept out of office the entire Democratic board of county officials. Coolidge carried the county with 9,165 votes to 6,063 for Davis, while LaFollette received only 656 votes, all told. Coolidge's plurality over Davis was 3,102.

Along with Coolidge's sweep, Captain Winant caused general surprise by rolling up a majority of 353 over Governor Brown. Stafford county's most distinguished citizen. The governor, however, was accorded a very flattering vote in his own town. Somersworth giving him a majority of 1,358 in a total of 2,390 votes.

With the returns in from the two belated wards, 1 of Dover and 3 of Rochester, the returns show that the Republican candidates for county officers were elected by majorities ranging from 215, which was the margin Mayor William S. Davis of Rochester received over Sheriff Stephen W. Scruton of Dover, to 2,000, the majority Frank R. Bliss of Dover, candidate for treasurer, received over George R. Emerson, Dem., of Farmington.

The total vote for county officers follows:
Sheriff, William S. Davis, r. Rochester, 8,119; Stephen W. Scruton, d. Dover, 7,804; solicitor, Everett J. Gallows, r. Dover, 8,354; William H. Ricker, d. Dover, 7,153; treasurer, Frank R. Bliss, r. Dover, 8,793; George R. Emerson, d. Farmington, 6,734; registrar of deeds, George G. Welch, r. Dover, 8,490; Joseph C. Roberts, d. Rollinsford, 327; registrar of probate, William W. Martin, r. Dover, 8,299; Alvan P. Place, d. 7,433; commissioners, Alfred C. Brainard, r. Dover, 8,261; William J. Hartford, r. Dover, 8,303; Mark E. Willey, r. Durham, 7,629; Harold D. Foss, d. Rochester, 7,102; Hiram A. Nash, d. Somersworth, 7,093; Roscoe R. Twombly, d. Dover, 7,252.

Of the new commissioners elected, William J. Hartford served several years under a Democratic-Republican and later a Republican board of commissioners as superintendent of the Stafford county farm.

William H. Ricker, candidate for solicitor, was the only Democratic candidate for a county office not seeking reelection. He took the place of Solicitor P. Clyde Keefe, who declined to run for a second term.

Stafford county cast a light vote on the constitutional convention question and voted negatively by more than two to one. The vote was: Yes, 1,726; no, 3,553.

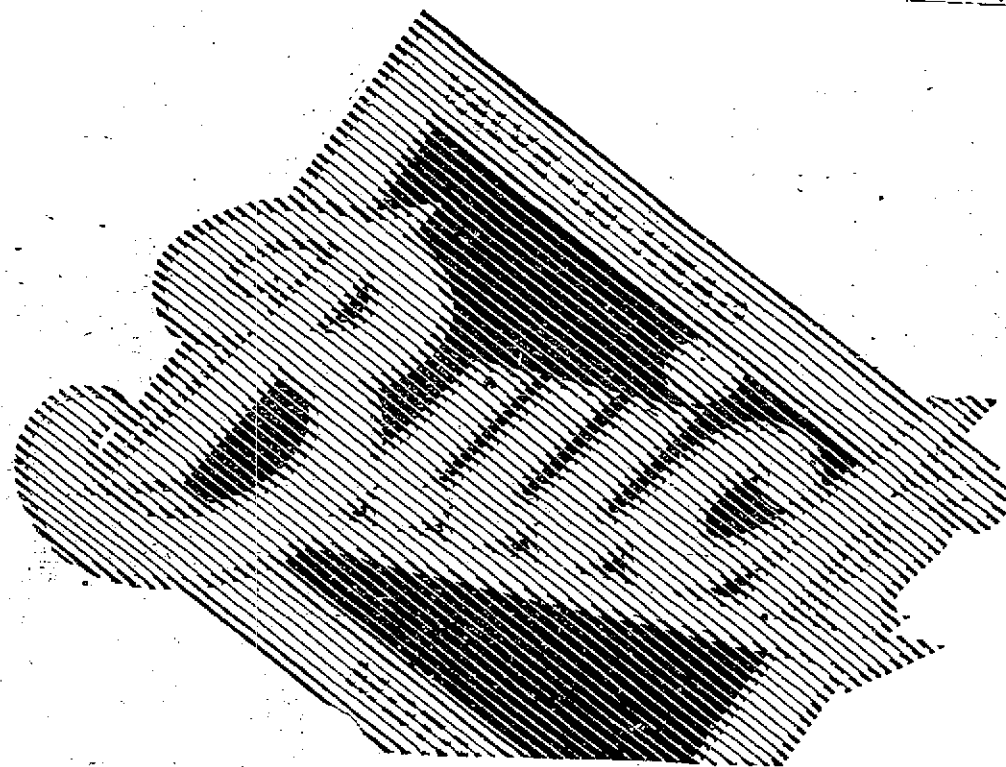

"THE HOUR OF FATE"

It isn't a melodrama or a new movie. "The Hour of Fate" may sound like the name of an Elmer Glyn novel, but in this case it is the fitting title of an article by Victor Murdock, member of the Federal Trade Commission. Although it is several years ago that it was published in "Association Men" it is remembered and cited by many because of its permanent usefulness. In Mr. Murdock's opinion, the fatal

hour for a young man is 7 o'clock in the evening. For it is at that time that he must make his choice of the kind of leisure he is to have. Is he going to devote his spare time to improvement, or to an aimless pursuit of pleasure? If he decides on the latter course, there is a big chance that he will be a failure at middle-age. But if he spends some of his evenings studying, either at home or in the Y. M. C. A. classes or at some school, he is laying the foundation for future success

in life. This sort of program does not necessarily mean "all work and no play." On the contrary, "social converse," which is part of any complete life, will take some of the "after seven" hours; the services of friendship will take many; and heart affairs will claim a lot. But even when all these things have been considered, there will still be evenings free. Every young man must make the 7 o'clock decision at some time or another.

A Jersey City taxicab drew up in front of the Skyesville, Penn., National Bank and a well known resident emerged, entered the bank and drew \$144 which he handed to the chauffeur. The Skyesville man later confided to his intimates that he had imbibed unwisely and had lurched into a taxicab, articulated "Skyesville" as well as he could and dropped off to sleep. The driver consulted his maps and started, apparently satisfied his passenger was a good financial risk.

PREPARING FOR WINTER SPORTS

Annual Meeting of Local Association Held Last Evening

The annual meeting of the Portsmouth Winter Sports Association was held on Thursday evening at the Chamber of Commerce rooms and the following officers were re-elected: President, John G. Sweetser; Clerk, Richard D. McDonough; Treasurer, Joseph W. Marden; Directors—Thomas F. Flanagan, Boardman M. Randall, Horace D. Acaster, Harry E. Philbrook, Wallace S. Akerman and Ira A. Newell.

Secretary Lee Brow of the Chamber of Commerce is the acting secretary of the association and President Sweetser reported that the rent for the Pines for another year had been paid out of the appropriation received from the city. It is estimated that it will take about \$200 to get everything in readiness for the winter, for vandals have done a great amount of damage about the grounds. All the windows in the rest house have been broken, the locks ripped off the slides and other buildings and the signs torn down. Then it will be necessary to lengthen the shoot and considerable work will have to be done about the two ponds, for it has been decided to make skating a feature at the Pines this winter and the ponds will be flooded over a larger area and kept clear of snow. The cost of operating will be heavy with all the grounds open and to raise money it was decided to give a benefit performance at the Portsmouth Theatre on Nov. 20. A nine or ten act vaudeville show from the Keith circuit will be given and it is hoped there will be such a sell-out of the house that it will provide a good sum. A special committee to make all arrangements for the benefit was appointed, consisting of B. M. Randall, R. D.

TONGS PAY BIG FOR KILLINGS

Boston, Nov. 7.—The life of a Boston Chinaman is valued in a slitting scale from \$3,000 for an ordinary laundry worker; to \$15,000 for an officer of the Wu Fat faction or of the Hip Sing Tong, by their enemies, the On Leongs, according to a statement by Chin Jack Lam, a mysterious figure in the recent tong war which spread over the United States.

In an interview published in the Chicago Daily News, Lam was quoted as saying that he once was president of the On Leong Tong and that these organizations were similar to building and loan associations, aiding Chinese in getting started in business and receiving in return a share of the profits. The On Leong Tong, he was quoted as saying, piled up a surplus of \$160,000, which the tong urged be used to pay income taxes on the business of the members. Twelve officials objected, desiring to divide the money. "They formed the Wee Gong faction of the On Leongs and divided the money," he said. "My friends and I immediately organized the Wu Fat faction. The Gongs wanted us all killed."

He declared gunmen were hired and \$15,000 offered any one who would kill him, and that guns were purchased in Springfield, Minneapolis and Hartford, and that additional gunmen were hired in New York, Boston and Liverpool.

CLOSING SMALL TICKET OFFICES

The Montreal station on the Southern division of the Boston & Maine railroad has been abandoned as a ticket agency, and has been placed in the hands of a caretaker who will keep it open, clean and heated, so that it will be really but a shelter for passengers using the station.

Changes of a similar character have been made all over the system, and it is understood that stations on various railroads will be treated in the same way. Several stations have been partly abandoned on the Saugus branch of the B. & M. The New Haven road is doing the same thing. The Boston & Albany has also adopted a policy of station economy. Small stations that are turned over to caretakers have had their station agents withdrawn, and the baggage service is consequently discontinued.

The change is made necessary through the operation of a ruling of the railroad labor board. Under the ruling it is stated the expense of maintaining this character of station is large in comparison with the income through the ticket sales. The ruling gives a station agent a rating and prescribes the rate of pay, \$35 or \$40 a week. Any station man who handles money must be given that rate, and the corresponding pay.

The retrenchment policy of the railroads involves "morning and evening situations." At these all the business is done in the morning when people go to work, and in the evening when they return. There is very little traffic in the middle of the day. For this reason the railroads asked their agents to work a few hours in the morning

Miss Lucille Hopp, 19, was selected as the most beautiful girl in Kansas City to be queen of the annual Fiesta of Dallas festivities there. Miss Hopp is shown wearing the costume of "Dallas Athlete."

and, more praise to him, he always wears it with the correct accessories.

Granted that only one man in a hundred wears the derby, that is no reason why it should be slighted. Rather, it recalls "The Calf Path" by Sam Walter Foss in which he wrote, "They follow in the beaten track, and out, and in, and forth, and back, and still their devious course pursue to keep the path that others do". Men are far more imitative than women; far more mistrustful of their own judgment; far more self-conscious; far more touchy about criticism and ridicule. They are ruled by the mass mind and the group impulse. This, and nothing else has sent an admirable hat like the derby toppling from its high place.

Every man should own at least one derby hat to wear with wing collars, stiff-hosom shirts and black shoes and as an agreeable change-off from the monotony of soft felts. Moreover, the black derby is the most correct hat to accompany the Tuxedo suit; more correct, as a matter of fact, than the black soft felt hat or the black velvet hat. It is indispensable to "Ye Compleat Gentleman".

There are various blocks of derbies, all proper, if they are becoming to the individual head and face. Wear no hat that doesn't flatter your features. The particular shape illustrated shows the squarish crown and the wide brim which are more acceptable and appropriate to the older man than to the youngster. This block looks especially well with an overcoat which requires a fuller shape than is ordinarily worn.

and again in the afternoon and evening, so that one man could cover the station the whole day without working more than eight hours.

Then the labor board issued its new ruling, to the effect that a station agent must perform his eight hours of labor in eight consecutive hours, so that there would have to be two men in charge of a station that was open both morning and evening.

One of the conspicuous examples is the station at Northfield Farms, which had only two trains, one in the morning, the other in the evening. In order to keep it open under the ruling, two agents would have to be employed. The agent who was there when the ruling went into effect was paid \$35 a week, and said that it took several months for the station to sell enough tickets to pay one week's wages.

The Squarish-Crown Derby
Among the many things for which The Well-Dressed Man is indebted to the Prince of Wales is a re-awakening of interest in the derby hat. Indeed, except for this royal sponsorship, the good old "bowler" might well have joined the good old "topper" as a relic of the Bright Ages when men suited the hat to the occasion and declined to look as alike many heads threaded upon a single string. The Prince is very indulgent to the "bowler"

and, more praise to him, he always wears it with the correct accessories. Granted that only one man in a hundred wears the derby, that is no reason why it should be slighted. Rather, it recalls "The Calf Path" by Sam Walter Foss in which he wrote, "They follow in the beaten track, and out, and in, and forth, and back, and still their devious course pursue to keep the path that others do". Men are far more imitative than women; far more mistrustful of their own judgment; far more self-conscious; far more touchy about criticism and ridicule. They are ruled by the mass mind and the group impulse. This, and nothing else has sent an admirable hat like the derby toppling from its high place.

Every man should own at least one derby hat to wear with wing collars, stiff-hosom shirts and black shoes and as an agreeable change-off from the monotony of soft felts. Moreover, the black derby is the most correct hat to accompany the Tuxedo suit; more correct, as a matter of fact, than the black soft felt hat or the black velvet hat. It is indispensable to "Ye Compleat Gentleman".

DAWES TOOK HIS ELECTION CALMLY

Chicago, Nov. 7.—The American electorate by their votes have called Charles G. Dawes into public service again.

Elected to the vice presidency, after having three times served in public capacity and at a time when he had put aside all thought of office, Mr. Dawes read the returns and set about arranging his affairs that he might head the call recorded at the ballot boxes of the nation.

Mr. Dawes did not expect to be nominated for the vice presidency last June, but once nominated he did expect to be elected because, as he told his close associates many times, he regarded the cause for which he was the principal spokesman as one that would appeal to most of the American people.

The vice president elect, accordingly accepted the count of ballots for the President and himself in a matter-of-fact way. He was calmer by far than many of his neighbors and friends who gathered at his home at Evanston to receive the returns and Wednesday he went about his usual course much as if nothing had happened.

The only events that differentiated this from any of the quiet days; Mr. Dawes planned for himself after returning from his reparation work in Europe last spring was a deluge of congratulations written and spoken.

A strong box filled with bank notes floating calmly upon the sea gave the Spanish fishermen who found it visions of dreams fulfilled. The notes were in piles and weighed 120 pounds. But upon examination it was found that the bank notes were of the new Republic of Riff, formed by outlaw tribesmen in Africa, and of no value except to the Riffians.

Chairs with your GAS man

SCIENTISTS who make a specialty of forecasting weather conditions tell us that we are to have colder weather over the next three or four years than we've ever had before.

Persons who have put their fuel burdens on the gas company do not worry about weather conditions. They ceased worrying when they ceased from solid fuel to gas service. But those who have not yet turned to gas are up against the old problem—coal. Have you experienced the convenience of a gas-fired room heater—the appliance that gives you heat when you want it and where you want it? It does not take the place of a furnace but it supplements the central heating plant with the cleanest, most efficient fuel on earth.

Takes pills for years—finds first permanent relief in Kellogg's Bran

Have you found permanent relief from that terrible disease—constipation? The woman whose letter follows discovered—as thousands have discovered—that Kellogg's Bran succeeds where all else fails. This is because Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. This is what she wrote:

Gentlemen:

I am so wonderfully happy over my discovery. I feel I must tell the world about it. For years I have been ill continually from constipation, always resorting to pills or the like, never having any permanent relief until I heard of your Krumbled Bran.

Every morning I take two table-spoonfuls before my breakfast—and since the latter part of August I must admit have not experienced one sick spell which I have had for years. I have started my little girl

of four years on your Bran, and already I have noticed a change in her. I thank you.

Name and address furnished on request. Write the Kellogg Co., Battle Creek, Mich.

If eaten regularly, Kellogg's Bran, cooked and krumbled, is guaranteed to relieve permanently the most chronic cases of constipation. But at least two table-spoonfuls daily—in chronic cases, with every meal. Money returned if not effective.

Notice the wonderful nut-like flavor. This flavor is delicious—so different from ordinary, unpalatable bran.

Kellogg's Bran, cooked and krumbled, made in Battle Creek, is served by America's leading hotels and clubs. Demand Kellogg's Bran. It will bring back your health. Start eating it today. Sold by all grocers.

SAYS U. S. VOTED FOR STABILITY

Like Britain, No Mood For Radicalism, is London View

London, Nov. 7.—The outstanding point of the majority of the London newspaper comments on the American election is that it emphasizes the prevailing desire of the democracies of the world for a period of quiet, stable government, and that the people of America are no more than those of Great Britain in a mood for the experiments of progressivism.

The Conservative Daily Telegraph regards the outcome "as a much more amazing triumph than that of the Conservative party in Great Britain."

"The general desire for continuity and stability in national administration," it adds, "has been more than commonly strong."

Anticipating that the policy of the last four years will be continued and that America's adherence to the League of Nations is still out of the question, the Telegraph says that "nevertheless, the reality of the Republican government's desire to see effective American co-operation in the world's work of recovery from the war receives a new demonstration from the election of General Dawes as Vice President."

The Independent Daily Mail sees in the result "yet another sign that Socialism, far from being a rising tide, is a spent wave. The utter rout, which has overtaken La Follette, speaks as well for the soundness of the people of the United States as the complete defeat of the Socialists here does for the political health of Great Britain."

The Conservative Post says: "The American people clearly are in no mood for revolutionary economic changes."

The paper declares that America and Great Britain through the voices of their electorates "have sent a message of good cheer to Europe and a warning to Moscow, which must sound to its conspirators a note like the trump of doom."

The Independent Express, remarking on President Coolidge's "cold and impartial attitude towards the political problems of the outside world," adds, "It remains to be seen whether he will not find himself forced by the pressure of circumstances to relax his austere indifference toward European difficulties."

The Express regards the outcome of the election as foreshadowing "a new and more serious era in American politics," and adds: "Undoubtedly the section of opinion represented by La Follette will grow in importance, but it is obvious that the two older parties will no longer have the field to themselves."

The week of Nov. 9 is National Father and Son week and also the Week of Prayer. Great emphasis will be laid on the observance of these two important features of Y. M. C. A. work throughout the country.

To any person or persons or organizations needing assistance in securing speakers, advertising matter, etc., for the above mentioned programs, the county Y. M. C. A. office will be glad to assist.

All boys over 15 years of age will be anxious to have a place saved for them at the State Older Boys Conference, to be held at Manchester on Dec. 5, 6 and 7. This promises to be the best and biggest ever held and only 400 can be accommodated. Get busy, boys, and decide which ones of your group will be delegates, as the credentials will soon be in your hands. We want Rockingham county to have the largest delegation of any association in the state, as it did two years ago at Concord.

Mr. Sociolsky, the new associate county secretary for our county, is on the job, boys, and all the people of our county will be interested to meet him and give him a hearty welcome. Although he is to reside in Derry and work most of the time in the western part of the county he will be seen and heard in the eastern part of the county a great many times. He has had a great deal of experience with boys work and we are fortunate to have secured his services. The 1700 boys of our county will have the county Y. M. C. A. program to a better advantage than ever. We want as many of these boys as possible to get this program and it can only be done by the co-operation of all the people of our county.

NEW LAMP BURNS 94 PCT. AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 33 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 percent air and 6 percent common kerosene (coal oil).

The inventor, O. N. Johnson, 642 N. Broad St., Philadelphia, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

PAID \$2,500 FOR A TREE

A pecan tree, 16 years old, near Kosciusko, Miss., was sold the other day for \$2,500. This represented its value in dollars and cents, not in sentiment. The tree began bearing nuts of enormous size nine years ago, 25 of them averaging a pound. This made it of great value for grafting purposes. The nurseryman who bought it will make much more than \$2,500 on his purchase, if the tree lives its allotted time.

EXPECT LARGE CROWD AT HIGH SCHOOL GAME

The biggest crowd of the season is looked for tomorrow at the playground when Portsmouth high meet their old rivals, the Dover high, and not for years has the expectations of Dover been raised to a point where they can get away with a win. Their recent playing Rochester to a tie and Rochester's defeat of the locals has raised their hopes that they will come through and they will bring down the biggest crowd of rooters that has ever accompanied them to a game.

Coach Rice has been giving his team some hard work this week with an extensive drill this afternoon on signals and running through plays. The team is in good condition with the exception of Simpson who is out for the remainder of the season. Noel also will not play unless he goes in for a short time. The back field to start will probably be McCarthy, Fullam, McCann and Mulvaney with Cavaretta and Gelman as a possibility. McCann may not be played all of the game, but he will get into some of it. In the line Hatch will back in his old position at guard and Wiggan will play the other. Kirvan at center, Robinson and Ferrini at tackles and Voudy and Flanagan ends.

This forenoon at the high school assembly hall there was a spirited rally in preparation for the game and the cheering section will be at its best for the entire student body will be out to cheer on the team.

COUNCIL HOLDS BRIEF MEETING

Little Except Routine Business Transacted Last Evening

A meeting of the mayor and council was held on Thursday evening with the full council present.

Attorney George M. Hughes of Dover, counsel for the Boston and Maine railroad, appeared and asked that the railroad be given permission to discontinue the dead end of Market street, that is that section from the Dover tracks to the old toll bridge, which is still a highway. This was granted as it is Boston and Maine property and there is no need of any travel.

Bill Dow as given a permit to run a boxing show on Nov. 14. Jacob Goldstein was granted permission to install a gasoline pump on his property on Vaughan street.

Lawrence Wright made a claim against the city for a hot water heater which he claimed was damaged owing to the closing off of the water on Broad street. The matter had been referred to the Board of Public Works and Supt. Dore reported that during the test of the water system, the water in that street had not been shut down. On motion of Councilman Boynton the claim was denied.

Supt. Dore reported that the claim of Clarence Pearson for a water heater on South street be allowed as that water was shut off on that street one night without proper notice being given.

Clan McKinnon issued an invitation to the mayor and council to attend an exhibition of Scottish dances to be held this evening and the invitation was accepted.

The monthly report of the meat inspector was made and accepted.

The auditors report of bills amounting to \$3517.81 which included the cost of the election \$605. were ordered paid. Adjourned to Dec. 11.

All hope of any one taking over the defunct Portsmouth, Dover and York Street railway has been abandoned according to ex-Councilman Myer Seigel of Dover who purchased the rails for junk and who was interested in proposing the purchase by local people of the line between here and Sea Point, Me., with the object of restoring trolley service.
